1. **Project number:** 43
2. **Project title (as will appear on the poster):** Team Finder
3. **Team members:** Vamshikrishnan Balakrishnan, Khoa Le
4. **Adviser(s) name(s):** Maria Striki
5. **Up to 5 keywords that will help to classify the project scope:** Efficient at finding a team
6. **Project abstract (up to 250 words) to be shared with judges:**

Our team consists of two ECE students focusing on software engineering as a part of our degree program. Our project reflects our experience, course work, and accumulated knowledge in courses such as: Programming Methodology I, Programming Methodology II, and Software Engineering. This capstone project is a webpage that makes it easier to find a team for a project such as capstone. The person looking for a team will be posting details about the project, such as the number of people needed, the skill sets required, the field of study, etc.
